In-Kind & Service Sponsorships

We also welcome donated food, supplies, equipment, professional services, and volunteer support. Recognition is discussed based on the contribution and the needs of the event or program.

Flexible by Design

These are standard sponsorship amounts, not a requirement to sponsor every event. Benefits depend on event size, timing, print deadlines, and available recognition opportunities. A contribution may support a single event, multiple activities, or general programming. Confirm details with Julie before using any presenting-sponsor designation.
